Choices® CBS Supports

CBS Inc. provides Recreation Supports to approximately 200+ people with a disability in SA. Participants are involved in recreation and skill development supports provided generally in a group setting, or one-to-one designed to meet your needs. NDIS funded supports include:

- **Choices:** recreation and community development that focusses on integration, independence, confidence and social skills
- **Recreation Supports:** increase personal and social skills through a range of community recreational experiences

- **Independent Living Skills:** develop knowledge, skills in preparing a variety of meals, budgeting and shopping
- **Socialize and Socialize West:** socialize with other younger adults with similar support needs
- **Art Programs:** under the direction of a professional art facilitator, explore various media and participate in exhibitions
- **Individual Supports:** on a negotiated basis.

Most of the CBS Inc. Recreation Supports are based at community centres. All of our groups are smaller so that we can provide personalised support to accommodate your individual needs.

Pathways to employment

As a registered DES provider, CBS Inc. helps people with a disability find and keep a job in open employment. With the NDIS, we are now able to expand our employment services. This is because the NDIS can fund participants to help build their capacity to meet the DES entry benchmark. Once that is achieved, NDIS participants can seamlessly transition into DES, which opens up new and different options to help people along the path to employment and increased income.

If you have a plan, call us today to see how CBS Inc. can help you meet your goals and aspirations.
