

Community Bridging  
Services (CBS) Inc.

## NDIS SCHEDULE OF RATES 2023/2024

Providers of attendant care and community participation supports who meet the eligibility criteria have access to a higher price limit through a Temporary Transformation Payment (TTP). This conditional loading will assist providers to continue transforming their businesses in the move towards a more competitive marketplace. This replaces the Temporary Support for Overheads.

In order for CBS Inc. to be eligible for the TTP Pricing, our support pricing is listed below.

CBS Service Provided	Support Budget	Support Category
Choices	Core	Assistance with Social and Community Participation or Assistance with Daily Life
Beyond. Making It Happen!	Core or Capacity Building	Finding and Keeping a Job, Assistance with Social and Community Participation or Improved Daily Living Skills
Transport (NDIS Funded)	Core	Transport or relevant Core or Capacity Building category
Transport (Privately Funded)	Private Agreement – not claimed through NDIS funding	

## Establishment Fees

This fee applies to all new NDIS participants, which covers the non-ongoing costs for providers in establishing arrangements, assisting the participant to implement their NDIS plan and have made an agreement with the participant to supply a minimum of 20 hours per month of personal care or participation supports.

Support Category	NDIS Support Item Code	Once Off Price
Daily Personal Activities	01_049_0107_1_1	Up to \$500

Level 1: Support Connection	07_001_0106_8_3	\$74.63
Level 2: Coordination of Supports	07_002_0106_8_3	\$100.14

## Additional Service Information

### Staffing Ratios

CBS Inc will always endeavour to provide the staffing ratio specific to the participants needs. When this is not possible, the participant will be charged at the staffing ratio provided during their support. CBS Inc will notify you, when possible, if an optimum staffing ratio cannot be achieved.

### Non-NDIS Activity Costs

Some activities do include an additional cost for the activity, which is not covered by the NDIS. This would be stated in the negotiated Schedule of Supports. These costs tend to be for food when participating in Independent Living Skills, recreational activities, social outings or discretionary spending.

### Transport

Clients may request transport to, from and/or during an activity. This is referred to as Activity Based Transport by the NDIS. Staff time will be charged using the applicable support code and rate in addition to the following non-labour costs:

- \$0.85 per kilometre for a non-modified vehicle
- \$2.40 per kilometre for an accessible modified vehicle or bus
- Other costs such as parking fees

Where more than one participant is travelling in the vehicle at a time, the appropriate ratio will be shared between the participants. The ratio will be documented on your invoice.

## High Intensity Supports

A support is considered a High Intensity Support if the participant requires assistance from a support worker with additional qualifications and experience relevant to the participant's complex needs.

The high intensity price limits may be considered when:

- frequent (at least 1 instance per shift) assistance is required to manage challenging behaviours that require intensive positive behaviour support; and/or
- continual active support is required due to high medical support needs (such as unstable seizure activity or respiratory support).

Some high intensity supports have differential price limits that depend on the skills and experience of the Disability Support Worker who delivers the support.

- DSW Level 1 – if the worker is classified at SCHADS 2.3 or below (or the equivalent)
- DSW Level 2 – if the worker is classified at SCHADS 2.4 or 3.1 (or the equivalent)
- DSW Level 3 – if the worker is classified at SCHADS 3.2 or above (or the equivalent)

In general, Level 2 applies to most high intensity supports. However, if the particular instance of support is delivered by a worker who does not have the skills and experience to deliver a high intensity support then the Level 1 price limit should be applied.
